

**Neuroscience Grand Rounds – September 6, 2017 to June 27, 2018**

**08:00 to 10:00 Wednesday, Auditorium, Cordula and Gunter Paetzold Health Education Centre, Vancouver General Hospital**

<b>Date</b>	<b>1<sup>st</sup> Hour Presentation</b>	<b>Title</b>	<b>2<sup>nd</sup> Hour Presentation</b>	<b>Title</b>
<b>September 2017</b>	6 <b>Christopher Fox, MD, PhD, FRCPC</b> Neurologist, Providence Health Care Clinical Instructor, Division of Neurology, University of British Columbia	Reflections of a General Neurologist: Part 1	<b>Jonathan Fridhandler</b> R5 Neurology Resident	Neurolymphomatosis
	13 <b>Oscar Benavente, MD, FRCPC(C)</b> Professor & Director of Stroke Research Vancouver Stroke Program University of British Columbia	Prevention of Lacunar Stroke The SPS3 Trial: What we have learned?	<b>Bing Wei Wang</b> R5 Neurology Resident	Antiepileptic Agent Withdrawal in Seizure-Free Patients
	20 <b>Art Mallinson, Ph.D.</b> Clinical Neurophysiologist and Section Head, Neuro-otology unit, VGH Clinical Assistant Professor Division of Otolaryngology Department of Surgery, UBC	The Chronic Vestibular Patient? What's Wrong with Them? Why Don't They Get Better?	<b>Clark Funnell</b> R5 Neurology Resident	Hirayama Disease
	27 <b>Christophe Bernard, Ph.D.</b> Institut de Neurosciences des Systèmes UMR INSERM 1106 Aix-Marseille Université, France	Development of Therapeutics to Treating Epilepsy and its Comorbidities	<b>Lily Zhou</b> R3 Neurology Resident	Blooming in Adversity: Microbleeds in Intensive Care
<b>October</b>	4 <b>Catharine Winstanley, Ph.D.</b> Professor, Department of Psychology University of British Columbia	Modelling Iatrogenic Gambling Disorder in Rats	<b>Joshua Lai</b> R4 Neurology Resident	A Rare Case of Early Dementia: Insights Into the Epigenetics of Neurodegeneration
	11 <b>David Volders</b> UBC Neuroradiology Fellow	PRES, RCVS and others	<b>Damon Li</b> R3 Neurology Resident	Acquired Sensory Ataxia
	18 <b>Randi Starrfelt</b> Associate Professor, PhD Specialist in Clinical Neuropsychology Department of Psychology University of Copenhagen	Pure Alexia and Visual Word Recognition	<b>Athari Salmeen</b> R5 Neurology Resident	Neurological Prognostication Post Cardiac Arrest
	25 <b>Patrick J. McDonald, MD, MHSc, FRCSC</b> Head- Division of Neurosurgery BC Children's Hospital Associate Professor, Department of Surgery, Faculty, National Core for Neuroethics, UBC	Financial Conflicts of Interest in Neurosurgery	<b>Jonathan Smith</b> R4 Pediatric Neurology Resident	Stroke in Adults with Congenital Heart Disease
<b>November</b>	1 <b>Marjan Dolatshahi, MD, MSc, FRCPC</b> Epilepsy Fellow Massachusetts General Hospital Harvard University	Responsive Neurostimulation In Refractory Epilepsy	<b>Laura Haley</b> R3 Neurology Resident	Alcohol and Neurology
	8 <b>Robert D. Keyes, B.Sc., M.D., F.R.C.P.(C), F.A.C.P.</b> Clinical Professor, Division of Neurology, Faculty of Medicine, UBC Director, EEG/EMG/EP Laboratories SPH/Providence Health Care	Neurological Diseases in Famous Composers – Part 2	<b>Nicole Ng</b> R2 Neurology Resident	Neurologic Complications Post Organ Transplantation

		Consultant EEG/EMG Laboratory BCCH			
	15	<b>Stephen Yip, MD, PhD, FRCPC</b> Assistant Professor University of British Columbia	Machine Learning in Neuropathology- The Application of Convolutional Neural Network to improve Brain Tumour Diagnosis	<b>Adrian Levine</b> R2 Neuropathology Resident	Implementation of the 2016 WHO CNS Classification for Infiltrating Glioma at VGH
	22	<b>Andrew Penn, MA, MB, BCh, FRCP(C)</b> Clinical Associate Professor, Division of Neurology, Department of Medicine, UBC Medical Lead Stroke Programs & Stroke Rapid Assessment Unit for Island Health	Can we use proteomic and transcriptomic signatures in blood to assess the ischemic brain for suitability for tPA and endovascular thrombectomy?	<b>Sohaila Al Shimemeri</b> R4 Neurology Resident	Stroke From the Female Perspective: A Review
	29	<b>Gabrielle deVeber, MD, FRCP(C)</b> <i>Naveen Deshpande Lecturer</i> Director, Children's Stroke Program Division of Neurology Hospital for Sick Children, Toronto	Arterial Ischemic Stroke in Infants and Children: Understanding Treatment Approaches	<b>Tychicus Chen</b> R5 Neurology Resident	ME LAsT grand rounds: Mitochondrial Encephalomyopathy with Lactic Acidosis and Stroke-like Events
<b>December</b>	6	<b>Michael Kozoriz, MD</b> UBC Neuroradiology Fellow	Predatory Publishing	<b>Christopher Feehan</b> R3 Neurology Resident	SMART Syndrome and Other Sequelae of Cranial Radiotherapy
	13	<b>Joseph Tham</b> Clinical Associate Professor Neuropsychiatry	Neuropsychiatric Treatment in Moderate to Severe Traumatic Brain Injury	<b>Andrew Mattar</b> R3 Neurology Resident	Questions for Neurology at the End of Life
	20	<b>Ian Mackenzie, MD, LMCC, FRCPC</b> Professor, Department of Pathology and Laboratory Medicine, UBC Head, Neuropathology, Vancouver General Hospital	Mutations in the stress granule protein TIA1 in ALS and FTD	<b>Veronica Hirsch-Reinshagen, MD, PhD, FRCPC</b> Neuropathology Research Fellow Clinician Investigator Program University of British Columbia	Psychosis in Frontotemporal Dementia: Is There a Neuropathological Correlate?
	27	<b>Christmas and New Year Break – ROUNDS CANCELLED</b>			
<b>January 2018</b>	3	<b>Christmas and New Year Break – ROUNDS CANCELLED</b>			
	10	<b>Yahya Aghakhani, MD, FRCPC</b> Clinical Assistant Professor Department of Clinical Neurosciences University of Calgary	Surgical Management of Drug Resistant Non-lesional Focal Epilepsy	<b>Alyson Plecash</b> R2 Neurology Resident	A Positive Perspective: HIV and its Vascular Complications
	17	<b>Kristopher Kowal, MD</b> Clinical Assistant Professor, UBC	A Case of ENDIVLBCL	<b>Christopher Uy</b> R4 Neurology Resident	The Neurology of Breathing
	24	<b>George Medvedev, MD</b> Clinical Assistant Professor, UBC	From Bedside to the App Store and Back	<b>Marianne Schwarz</b> R3 Neurology Resident	The Neurology of Sleep
	31	<b>Juliette Hukin, MBBS, FRCPC</b> Canadian Association of Child Neurology Past President Director of the Pediatric Neuro-oncology Program, BC Pediatric neurologist and neuro-oncologist Divisions of Neurology and Oncology, Department of Pediatrics, BC Children's Hospital	Update on Neurofibromatosis	<b>Matthew MacDonald</b> R3 Pediatric Neurology Resident	Neurosyphilis and Other Common Venereal Sources of CNS Infection

<b>February</b>	7	<b>Martin J. McKeown, BEng, MD, FRCP(C)</b> PPRI/UBC Chair in Parkinson's Research Director, Pacific Parkinson's Research Centre Professor of Medicine (Neurology) Associate Member, Department of Electrical and Computer Engineering Djavad Mowafaghian Centre for Brain Health University of British Columbia (UBC)	New Technologies for Monitoring Patients	<b>Michele Matarazzo, MD</b> Clinical Research Fellow, Pacific Parkinson's Research Centre	Tau Imaging: A New Window on Neurodegenerative Disorders
	14	<b>Lynn A. Raymond, MD, PhD, FRCP(C)</b> Director, UBC MD/PhD Program Professor, Department of Psychiatry, Djavad Mowafaghian Centre for Brain Health University of British Columbia	Synaptic Dysfunction and Biomarkers in Prodromal Huntington Disease: Towards Disease-Modifying Therapy	<b>Jason Randhawa</b> R2 Neurology Resident	Reflecting on Reflex Epilepsy
	21	<b>Jenny Peih-Chir Tsai, MDCM, FRCP(C)</b> Endovascular Surgical Neuroradiology Fellow, Cleveland Clinic	Endovascular Stroke Treatment: Later, Faster, Better	<b>Kimia Ghavami</b> R2 Neurology Resident	Inflammatory Cerebral Amyloid Angiopathy
	28	<b>Elena Scali</b> Neuroradiology Fellow	The Diagnostic Dilemma of Cauda Equina Syndrome	<b>Brianne Kent</b> Post-doctorate Research Fellow Djavad Mowafaghian Centre for Brain Health and UBCH Clinic for Alzheimer Disease and Related Disorders	Sleep as a Potential Therapeutic Target For Alzheimer's Disease
<b>March</b>	7	<b>BC Neuroscience Day – ROUNDS CANCELLED</b>			
	14	<b>Jennifer Chandler</b> Brain Awareness Week, Annual Distinguished Neuroethics Lecture Professor and Bertram Leob Research Chair, Centre for Health Law, Policy, and Ethics, University of Ottawa	The Legal Legacy of the Lobotomy – Updating the Legal Approach to Psychosurgery in the Age of Psychiatric Deep Brain Stimulation	<b>Amir Parsoei</b> R1 Neurology Resident	A Case of Multiple Systems Atrophy
	21	<b>Paul Steinbok, BSc MB BS FRCSC</b> Investigator, BC Children's Hospital Professor, Division of Neurosurgery, Department of Surgery, UBC <b>Mary Connolly, MB, BCh, FRCP(C), FRCP(I), FRCP(Edin)</b> Clinical Professor of Pediatrics (Neurology) Head, Division of Pediatric Neurology Director of The Epilepsy Program, British Columbia's Children's Hospital	Epilepsy Surgery in Childhood: What have we learned in the past 20 years?	<b>Shafina Sachedina</b> R4 Pediatric Neurology Resident	A Case of Ataxia, Epilepsy and Progressive Blindness
	28	<b>ROUNDS CANCELLED</b>			
<b>April</b>	4	<b>Kalina Christoff</b> Professor, Department of Psychology, UBC	Mind-wandering as Spontaneous Thought: a Dynamic Framework	<b>Ghadeer Al Momen</b> Stroke Fellow	Stroke and Obesity: Obesity Paradox - Myth or Reality?

	11	<b>Gregory Day, MD, MSc, FRCPC</b> <i>Stanley Hashimoto Memorial Lecturer</i> Assistant Professor, Washington University School of Medicine	Brain on Fire: from Madness to Understanding to Discovery	<b>Diana Kim</b> R1 Neurology Resident	Neurological Manifestations Associated with Monoclonal Gammopathies
	18	<b>Aleksandra Ivanovic</b> R3 Neurology Resident	The Resident Who Mistook a Potato Masher for a Reflex Hammer	<b>Johnathon Gorman</b> R2 Neurology Resident	Always Misfolded, Often Misunderstood: Human Prion Diseases
	25	<b>AAN Meeting – ROUNDS CANCELLED</b>			
<b>May</b>	2	<b>Orthopaedic Resident Research Day, NSGR CANCELLED</b>			
	9	<b>Ann C. McKee, MD</b> <i>Clarisse L. Dolman Memorial Lecturer</i> Chief, Neuropathology Service, VA Boston Healthcare System Director, Boston University CTE Center, Associate Director & Neuropathology Core Director, Boston University ADC Professor of Neurology & Pathology Boston University School of Medicine Boston, Massachusetts, USA	Chronic Traumatic Encephalopathy	<b>Pardh Chivukula</b> R1 Neurology Resident	How Do You Mend a Broken Heart: A Case of Atrial Myxoma in Stroke
	16	<b>Rebecca Harrison, MD</b> Assistant Professor University of Texas MD Anderson Cancer Center	Low Grade Gliomas: Current Therapeutic Concepts	<b>Peter Dirks</b> Professor Division of Neurosurgery Hospital for Sick Children and University of Toronto	Fate Mapping of Brain Tumor Cells: Brain Tumors as Neuroscience and Neural Development Disorders
	23	<b>Alexandre Henri-Bhargava, MD,CM, MScCH, FRCPC</b> Clinical Assistant Professor of Medicine (Neurology), UBC Co-Lead, Clinical Experiences Integration, UBC Undergraduate Medicine Site Lead (DSSL), Neurology Education, Victoria Neurologist, Island Health, Victoria, BC	Normal Pressure Hydrocephalus: A Review	<b>Jarrah Al Abkal</b> R1 Neurology Resident	
	30	<b>Professor Johan W. M. Van Goethem, M.D., Ph.D.</b> Associate Professor of Medical Imaging, Antwerp University Clinical Head, Antwerp University Hospital President-Elect, European Society of Neuroradiology	Imaging in Low Back Pain: back to basics or advanced imaging?	<b>Christina Zhang</b> R1 Neurology Resident	
<b>June</b>	6	Pediatric Neurology		Pediatric Neurology resident	
	13	<b>9<sup>th</sup> Annual Neurology Resident Research Day – ROUNDS CANCELLED</b>			
	20	<b>ROUNDS CANCELLED</b>			
	27	<b>CNSF Meeting, Halifax – ROUNDS CANCELLED</b>
