

Neuroscience Grand Rounds – September 6, 2017 to June 27, 2018

08:00 to 10:00 Wednesday, Auditorium, Cordula and Gunter Paetzold Health Education Centre, Vancouver General Hospital

Date	1st Hour Presentation	Title	2nd Hour Presentation	Title
September 2017	6 Christopher Fox, MD, PhD, FRCPC Neurologist, Providence Health Care Clinical Instructor, Division of Neurology, University of British Columbia	Reflections of a General Neurologist: Part 1	Jonathan Fridhandler R5 Neurology Resident	Neurolymphomatosis
	13 Oscar Benavente, MD, FRCP(C) Professor & Director of Stroke Research Vancouver Stroke Program University of British Columbia	Prevention of Lacunar Stroke The SPS3 Trial: What we have learned?	Bing Wei Wang R5 Neurology Resident	Antiepileptic Agent Withdrawal in Seizure-Free Patients
	20 Art Mallinson, Ph.D. Clinical Neurophysiologist and Section Head, Neuro-otology unit, VGH Clinical Assistant Professor Division of Otolaryngology Department of Surgery, UBC	The Chronic Vestibular Patient? What's Wrong with Them? Why Don't They Get Better?	Clark Funnell R5 Neurology Resident	Hirayama Disease
	27 Christophe Bernard, Ph.D. Institut de Neurosciences des Systèmes UMR INSERM 1106 Aix-Marseille Université, France	Development of Therapeutics to Treating Epilepsy and its Comorbidities	Lily Zhou R3 Neurology Resident	Blooming in Adversity: Microbleeds in Intensive Care
October	4 Catharine Winstanley, Ph.D. Professor, Department of Psychology University of British Columbia	Modelling Iatrogenic Gambling Disorder in Rats	Joshua Lai R4 Neurology Resident	A Rare Case of Early Dementia: Insights Into the Epigenetics of Neurodegeneration
	11 David Volders UBC Neuroradiology Fellow	PRES, RCVS and others	Damon Li R3 Neurology Resident	Acquired Sensory Ataxia
	18 Randi Starrfelt Associate Professor, PhD Specialist in Clinical Neuropsychology Department of Psychology University of Copenhagen	Pure Alexia and Visual Word Recognition	Athari Salmeen R5 Neurology Resident	Neurological Prognostication Post Cardiac Arrest
	25 Patrick J. McDonald, MD, MHSc, FRCSC Head- Division of Neurosurgery BC Children's Hospital Associate Professor, Department of Surgery, Faculty, National Core for Neuroethics, UBC	Financial Conflicts of Interest in Neurosurgery	Jonathan Smith R4 Pediatric Neurology Resident	Stroke in Adults with Congenital Heart Disease
November	1 Marjan Dolatshahi, MD, MSc, FRCPC Epilepsy Fellow Massachusetts General Hospital Harvard University	Responsive Neurostimulation In Refractory Epilepsy	Laura Haley R3 Neurology Resident	Alcohol and Neurology
	8 Robert D. Keyes, B.Sc., M.D., F.R.C.P.(C), F.A.C.P. Clinical Professor, Division of Neurology, Faculty of Medicine, UBC Director, EEG/EMG/EP Laboratories SPH/Providence Health Care Consultant EEG/EMG Laboratory BCCH	Neurological Diseases in Famous Composers – Part 2	Nicole Ng R2 Neurology Resident	Neurologic Complications Post Organ Transplantation
	15 Stephen Yip, MD, PhD, FRCPC Assistant Professor University of British Columbia	Machine Learning in Neuropathology- The Application of Convolutional	Adrian Levine R2 Neuropathology Resident	Implementation of the 2016 WHO CNS Classification for Infiltrating Glioma at VGH

		Neural Network to improve Brain Tumour Diagnosis			
	22	Andrew Penn, MA, MB, BCh, FRCP(C) Clinical Associate Professor, Division of Neurology, Department of Medicine, UBC Medical Lead Stroke Programs & Stroke Rapid Assessment Unit for Island Health	Can we use proteomic and transcriptomic signatures in blood to assess the ischemic brain for suitability for tPA and endovascular thrombectomy?	Sohaila Al Shimemeri R4 Neurology Resident	Stroke From the Female Perspective: A Review
	29	Gabrielle deVeber, MD, FRCP(C) <i>Naveen Deshpande Lecturer</i> Director, Children's Stroke Program Division of Neurology Hospital for Sick Children, Toronto	Arterial Ischemic Stroke in Infants and Children: Understanding Treatment Approaches	Tychicus Chen R5 Neurology Resident	ME LAsT grand rounds: Mitochondrial Encephalomyopathy with Lactic Acidosis and Stroke-like Events
December	6	Michael Kozoriz, MD UBC Neuroradiology Fellow	Predatory Publishing	Christopher Feehan R3 Neurology Resident	SMART Syndrome and Other Sequelae of Cranial Radiotherapy
	13	Joseph Tham Clinical Associate Professor Neuropsychiatry	Neuropsychiatric Treatment in Moderate to Severe Traumatic Brain Injury	Andrew Mattar R3 Neurology Resident	Questions for Neurology at the End of Life
	20	Ian Mackenzie, MD, LMCC, FRCPC Professor, Department of Pathology and Laboratory Medicine, UBC Head, Neuropathology, Vancouver General Hospital	Mutations in the stress granule protein TIA1 in ALS and FTD	Veronica Hirsch-Reinshagen, MD, PhD, FRCPC Neuropathology Research Fellow Clinician Investigator Program University of British Columbia	Psychosis in Frontotemporal Dementia: Is There a Neuropathological Correlate?
	27	Christmas and New Year Break – ROUNDS CANCELLED			
January 2018	3	Christmas and New Year Break – ROUNDS CANCELLED			
	10	Yahya Aghakhani, MD, FRCPC Clinical Assistant Professor Department of Clinical Neurosciences University of Calgary	Surgical Management of Drug Resistant Non-lesional Focal Epilepsy	Alyson Plecash R2 Neurology Resident	A Positive Perspective: HIV and its Vascular Complications
	17	Kristopher Kowal, MD Clinical Assistant Professor UBC	A Case of ENDIVLBCL	Christopher Uy R4 Neurology Resident	The Neurology of Breathing
	24	George Medvedev, MD Clinical Assistant Professor	From Bedside to the App Store and Back	Marianne Schwarz R3 Neurology Resident	
	31	Mary Connolly, MB, BCh BAO, FRCP(C), FRCP(I), FRCP(Ed) Investigator, BC Children's Hospital Director of the Epilepsy Surgery Program, BC Children's Hospital Clinical Professor and Division Head, Division of Neurology, Department of Paediatrics, University of British Columbia		Matthew MacDonald R3 Pediatric Neurology Resident	Neurosyphilis and Other Common Venereal Sources of CNS Infection
February	7	Martin McKeown Neurology	New Echnologies for Monitoring Patients	Michele Matarazzo Movement Disorder Fellow	

	14	Lynn Raymond, MD, BSc, PhD Professor, Neurology University of British Columbia	Synaptic Dysfunction and Biomarkers in Prodromal Huntington Disease: Towards Disease-Modifying Therapy	Jason Randhawa R2 Neurology Resident	
	21	Jenny Peih-Chir Tsai Potential Stroke Recruit		Kimia Ghavami R2 Neurology Resident	
	28	Elena Scali Neuroradiology Fellow		Brianne Kent Post-doctorate Fellow	
March	7	BC Neuroscience Day – ROUNDS CANCELLED			
	14	Jennifer Chandler Brain Awareness Week, Annual Distinguished Neuroethics Lecture		Amir Parsoei R1 Neurology Resident	
	21	Pediatric Neurology		Pediatric Neurology Resident	
	28			Johnathon Gorman R2 Neurology Resident	
April	4	Neuropsychology Dr. Jing Tan to suggest		Alejandra Gomez Gonzalez Stroke Fellow	Hematoma Expansion After Spontaneous Intracranial Hemorrhage
	11	Gregory Day, MD, MSc, FRCPC <i>Stanley Hashimoto Memorial Lecturer</i> Instructor, Washington University School of Medicine		Diana Kim R1 Neurology Resident	
	18	Gillian Gibson Neurology		Aleksandra Ivanovic R3 Neurology Resident	The Many Faces of Neurosyphilis
	25	AAN Meeting – ROUNDS CANCELLED			
May	2	Orthopaedic Resident Research Day, NSGR CANCELLED			
	9	Clarisse L. Dolman Memorial Lecture-t.b.c.		Pardh Chivukula R1 Neurology Resident	
	16	Pediatric Neurology		Pediatric Neurology resident	
	23	Alexandre Henri-Bhargava, MD,CM, MScCH, FRCPC Clinical Assistant Professor of Medicine (Neurology), UBC Co-Lead, Clinical Experiences Integration, UBC Undergraduate Medicine Site Lead (DSSL), Neurology Education, Victoria Neurologist, Island Health, Victoria, BC		Jarrah Al Abkal R1 Neurology Resident	
	30	Professor Johan van Goethem Antwerp Neuroradiology Visiting Speaker		Christina Zhang R1 Neurology Resident	
June	6	Potential Visiting Speaker		Vlatka Vukojevic R1 Neurology Resident	
	13	9th Annual Neurology Resident Research Day – ROUNDS CANCELLED			
	20	ROUNDS CANCELLED
