

Date	1st Hour Presentation	Title	2nd Hour Presentation	Title
September 2020	<p>9 Judy Illes, CM, PhD Canada Research Chair in Neuroethics Professor of Neurology, Department of Medicine Director, Neuroethics Canada University of British Columbia</p> <p>Dr. Yves de Koninck PhD FCAHS, FRSC Professor of Psychiatry & Neuroscience, Université Laval Adjunct Professor of Pharmacology, McGill University Canada Research Chair in Chronic Pain and Related Brain Disorders Scientific Director, Sentinel North Initiative Scientific Director, CERVO Brain Research Centre, Quebec Mental Health Institute Director of Research, Quebec Integrated University Health and Social Services Centre</p>	Emerging pan-Canadian Initiatives in the Neurological Sciences	Kimia Ghavami R5 Neurology Resident	Neurology in Tanzania: Lessons from an International Elective
	16 Chantelle Hrazdil MD, FRCPC Clinical Assistant Professor, Division of Neurology, Department of Medicine, Faculty of Medicine, University of British Columbia	The Titanic of Autoimmune Epilepsies: Have we hit only the tip of the iceberg?	Alyson Plecash R5 Neurology Resident	I can't quite see you over there...
	23 Joshua Lai MD, FRCPC Division of Neurology, Department of Medicine, Faculty of Medicine, University of British Columbia	Updates in acute migraine therapeutics- a new era?	John Gorman R5 Neurology Resident	Idiopathic Intracranial Hypertension
	30 Priya Dhawan MD, FRCPC Clinical Assistant Professor Neuromuscular Medicine, EMG, General Neurology	Immune-mediated autonomic neuropathies: more common than one might think	Jason Randhawa R5 Neurology Resident	An unforgettable case with an unexpected outcome
October	7 Cyrus Boelman, MD Clinical Assistant Professor, Division of Neurology, Department of Pediatrics, Faculty of Medicine, University of British Columbia	Fresh Tracks in Epilepsy Therapeutics: Spring Skiing Edition	Maksim Parfyonov PGY 4 Pediatric Neurology Resident	A case of recurrent pediatric rhabdomyolysis

	14	Melissa Mackenzie MD, FRCPC Clinical Assistant Professor Division of Neurology, Department of Medicine, Faculty of Medicine, University of British Columbia	Immune-Mediated Movement Disorders	Nicole Ng R5 Neurology Resident	HSV Encephalitis
	21	Maarten Vandenbroek , Department of radiology, Division of Neuroradiology, Faculty of Medicine, University of British Columbia	Cerebral amyloid angiopathy; a neuroradiological perspective.	Diya Shi R3 Neurology Resident	Can you handle the truth?
	28	Katherine Beadon MD, FRCPC Clinical Assistant Professor Division of Neurology, Department of Medicine, Faculty of Medicine, University of British Columbia	Immunoglobulins in Neurology: Neuromuscular use and beyond	Laura Marulanda R3 Neurology Resident	Localizing the worm
November	4	Catherine Larochelle MD, PhD, FRCPC Clinical Assistant Professor Department of Neurosciences, Université de Montreal Centre de Recherche du Centre Hospitalier de l'Université de Montreal (CRCHUM)	Dietary and metabolic interventions to reduce neuroinflammation in MS and EAE	Joshua Lee R3 Neurology Resident	Clogged drains: A case-based review of cerebral venous sinus thrombosis.
	11	Remembrance Day Rounds CANCELLED			
	18	Virginia Devonshire MD, FRCPC Clinical Associate Professor, Division of Neurology, Department of Medicine, Faculty of Medicine, University of British Columbia	MS and COVID : Everything you wanted to know beyond safe six, but were afraid to ask....	Pardh Chivukula R4 Neurology Resident	Overlap Syndromes of Anti-MOG Disease
	25	Nikkie Randhawa MD, FRCPC Clinical Assistant Professor Division of Neurology, Department of Medicine, Faculty of Medicine, University of British Columbia	Neurological Complications of Covid-19 and Virtual Neurology	Jarrah Al Abkal R4 Neurology Resident	IgG4-Related Disease: What a neurologist needs to know
December	2	Daniel Lyndon Clinical Fellow Department of radiology, Division of Neuroradiology, Faculty of Medicine, University of British Columbia	Spontaneous intracranial hypotension & spinal CSF Leaks: An up-to-date approach	Diana Kim R4 Neurology Resident	Does this infant have myasthenia?

	9	Helen Tremlett, PhD Professor Canada Research Chair in Neuroepidemiology and Multiple Sclerosis Djavad Mowafaghian Centre for Brain Health	The multiple sclerosis prodrome and the 2020 MSVirtual Plenary & Don Paty Lecture (the abbreviated version)	Christina Zhang R4 Neurology Resident	You've got me weak in the knees, and it's getting out of hand
	16	Veronica Hirsch-Reinshagen MD, PhD, FRCPC Consultant Neuropathologist, Vancouver General Hospital Assistant Professor, University of British Columbia Principal Investigator, International Collaboration on Repair Discoveries (ICORD) Department of Anatomical Pathology	The neuropathology of COVID-19	Adrian Levine PGY5 Neuropathology resident	Brain tumor predisposition syndromes: a case presentation and review
	23	Christmas and New Year Break – ROUNDS CANCELLED			
	30	Christmas and New Year Break – ROUNDS CANCELLED			
January 2021	6	Charles Krieger, MD M.Sc.Sci, PhD, FRCPC Division of Neurology, Department of Medicine, Faculty of Medicine, University of British Columbia	The Neuromuscular junction (NMJ): A hub for the regulation of many cellular activities through autoregulation	Ikreet Cheema R2 Neurology Resident	Neurological Manifestations of Multiple Myeloma
	13	Tom Zwimpfer MD PhD FRCSC Director, Undergraduate Education in Neurosurgery Clinical Professor, Division of Neurosurgery Associate Member, UBC Centre of Collaboration for Repair Discoveries (CORD) Active Staff: Vancouver General Hospital	Characteristics, management and outcome of iNPH patients in the Adult Hydrocephalus Clinical Research Network (AHCN) Registry	Olivia Marais R2 Neurology Resident	ABRA: Amyloid beta related angiitis
	20	Adam Kirton MD MSc FRCPC Professor of Pediatrics and Clinical Neurosciences Deputy Head (Research) - Department of Pediatrics Cumming School of Medicine, University of Calgary Pediatric Neurologist, Alberta Children's Hospital	Using your brain differently: Modulating neurodevelopmental trajectories to enable children with perinatal brain injury	Thomas Ha Pediatric Neurology Resident	A case of perinatal stroke

	27	Atri Chatterjee MD Behavioural Neurology Clinical Fellow Division of Neurology, Department of Medicine, Faculty of Medicine, University of British Columbia	Neuropsychiatric symptoms in frontotemporal dementia	Amir Parsoei R4 Neurology Resident	Channelopathies Part II: an array of episodic disorders of the nervous system
February	3	Jason Barton MD PhD FRCPC Division of Neurology, Department of Medicine, Faculty of Medicine, University of British Columbia	Vision therapy: the utility of eye movement exercises for mild traumatic brain injury"	Amokrane Chebini R3 Neurology Resident	Gastrointestinal system and neurological system
	10	Francesca Morgante MD Stanley Hashimoto lecture Professor, Medicine (Neurology), Ophthalmology and Visual Sciences, Psychology Canada Research Chair Marianne Koerner Chair in Brain Diseases	Reconciling Brain and Mind: How Functional Motor Disorders are "Organic"	CANCELLED	CANCELLED
	17	Andrew J. Solomon, MD Associate Professor of Neurological Sciences Division Chief, Multiple Sclerosis Larner College of Medicine at The University of Vermont University Health Center - Arnold 2	Multiple Sclerosis Diagnosis, Differential Diagnosis, and Misdiagnosis – Past and Present	Sina Marzoughi R2 Neurology Resident	Dr. Magic – review of cerebral ring enhancing lesions with focus on infectious etiology
	24	James Sorenson MD Neuroradiology Fellow Division of Neurology, Department of Medicine, Faculty of Medicine, University of British Columbia		Leslie Scarffe R2 Neurology Resident	Strokes, Seizures and Deafness: When Mitochondrial Genetics Get Lost in Translation
March 3		Christine Stables MD FRCPC CSCN(EMG) Neurology, Royal Columbian Hospital ALS Clinic, GF Strong Clinical Assistant Professor University of British Columbia		Danielle Murray R3 Neurology Resident	
	10	Shafina Sachedina MD FRCPC EMG Clinical Fellow		James Cairns R1 Neurology Resident	
	17	Brain Awareness Week, Annual Distinguished Neuroethics Lecture		Pardh Chivukula R4 Neurology Resident	
	24	Dean Foti MD, FRCPC Clinical Assistant Professor		Connor Dietz R2 Neurology Resident	

		Division of Neurology, Department of Medicine, Faculty of Medicine, University of British Columbia		
	31	<p>Thalia Field MD FRCPC MHSc Associate Professor, University of British Columbia Stroke Neurologist, Postgraduate Program Director and Co-director of Research, Vancouver Stroke Program</p> <p>Christy Sutherland MD CCFP (AM) dABAM Diplomat, American Board of Addiction Medicine Education Physician Lead, BC Centre on Substance Use Medical Director, Portland Hotel Society</p> <p>Andrea Jones R1 Neurology Resident</p>		Neurology on Vancouver's Downtown Eastside: Challenges and Opportunities in Treatment and Prevention
April	7	Jonathan Smith MD, FRCPC Stroke Clinical Fellow		Meshari Al Saeed R1 Neurology Resident
	14	Jiwon Oh University of Toronto		Rochelle Herrington R1 Neurology Resident
	21	Suneet Mangat MD Neuroradiology Fellow		Hessah Alhashash R2 Neurology Resident
	28	Pediatric Neurology		Mary Jeffers Pediatric Neurology resident
May	5	Orthopaedic Resident Research Day – ROUNDS CANCELLED		
	12	Clarisse L. Dolman memorial Lecture- Dr. Wayne Moore		Neuropathology resident
	19	Sharon Mann MD, FRCPC Clinical Assistant Professor, Division of Neurology, Department of Medicine, Faculty of Medicine, University of British Columbia		Jeffrey Kenzie R1 Neurology Resident
	26	Mark Colijn , Neuropsychiatry and Behavioral Neurology Fellow from University of Calgary		Lia Mesbah-Oskui R1 Neurology Resident
June	2	Allen E. Thornton, Ph.D Professor at the Department of Psychology, Simon Fraser University	Neurocognitive consequences of TBI in marginally housed persons with multimorbidity	Aseel AlSalem R1 Neurology Resident

9	11th Annual Neurology Resident Research Day – ROUNDS CANCELLED
16	No Rounds
23	No Rounds
30	No Rounds

Neuroscience Grand Rounds – September 9, 2020 to June 30, 2021

08:00 to 10:00 Wednesday, Zoom.
